# **RAISE LIGHT CHILDREN FOUNDATION**

**P.O BOX, 221186**

**MASAKA**

## **WHO WE ARE**

We are non-profit charity organization in Uganda taking care of vulnerable, orphans, the abandoned and the street children empowering them to enjoy equal human rights based on feminism. A foundation and guarantee to a virtuous future.

## **BACKGROUND.**

I was born in 2001, Mirambi village where I was raised by my grand mum. For this matter I did not have a chance to see my father and way abouts.

I grew up having no details about my family until 2024 when I got to meet my mother for the first time. In short, I've spent my entire life as an orphan. I have passed through hands of different guardians who have helped me a lot, through educating and spiritually bringing me up, proving me with all basic necessities of life. This really inspired me a lot to change and transform several children on streets and orphans in my community with support from miss Nakayenga Sarah

We started with 5 children in 2019 then in LOCKDOWN COVID19 they increased while they were looking for rescue and hope, by 2021 we had around 20 children at the shelter. Then from 2023 - 2024, we reached 30 children to date. However; more children are seeking for refuge but our resources are too limited to only 30 children.

Thanks be to the ALMIGHTY who has led us all this far. As to this home my grandmother was a key factor in this that accepted me to welcome children at her home up to now where we still live because of have managed to keep these children safely. I tried to reach out several people to help us, the people in the community really did a great roll as I was starting this journey they provided us with food, others with several necessities, also great thanks go to the Community Development Officer who really helped to reach to people who could help us at that moment when we're starting.

When COVID 19 started we thought it was to end very soon but it didn't and we mistakenly accommodated more children than we could support, This really

strained our supplies but opened my eyes that I had to get avenues and means that were to help me sustain the children. I reached out several NGO's who helped us with food and some other necessities, unfortunately the support lasted just a short while.

I thank the Lord that we managed to pass through that disaster. As time moved on, we welcomed new children at the shelter. Amazingly by that moment I choose to be a youth leader in our community, that opportunity helped me to strongly get friends who gave me ideas that were influential and developmental up to now. This is when I got to start the coffee nursery project that has been a key factor in supporting us financially.

It is so important to mention about the food, production ( maize growing project) that has not only provided practical skills to children but also reduce on the cost of buy food, children learn how to practice agriculture and at the same time we secure food for the foundation.

I want thank whoever has enabled us reach this far especially people from outside countries (German) continue supporting and praying for us may the Almighty God bless you abundantly, we love you so much. Keep Standing with RAISE LIGHT CHILDREN FOUNDATION.

## **BUYONDO DEUS**

### **DIRECTOR**

### **VISION:**

A well-educated, sustainable, health and peaceful environment where all children have access perfect education, health and other human necessities.

### **MISSION**

To raise the standards living and proper health care, personal development and entrepreneurship skills, through hands on training to compete with the changing world.

## **WHAT WE DO**

- Taking care of vulnerable children, Orphans through psychosocial support.
- Spiritually ensure that children know about the good news of our Lord Jesus Christ
- Provide both formal and nonformal education
- Provide knowledge about agriculture and best practices
- Caring for elderly people
- Teaching the community on how to protect and respect human rights

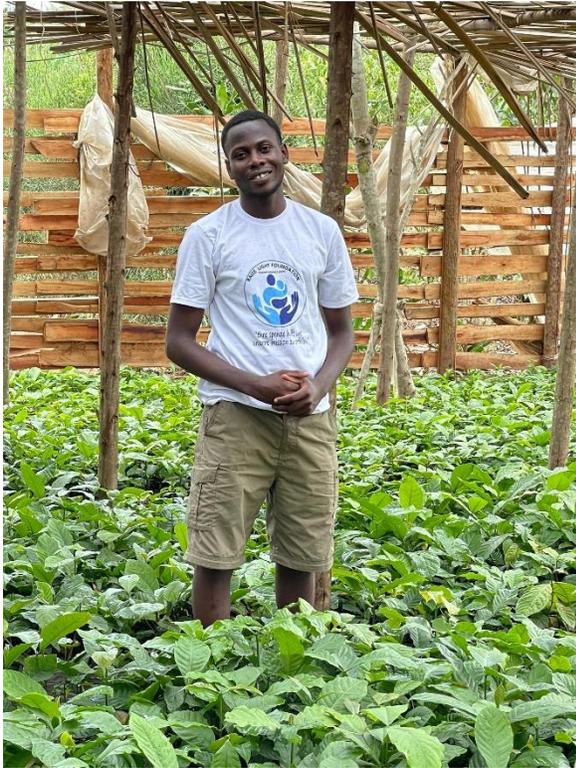

## **SUPPORT AND SPONSORSHIP.**

We are in action with support from compassionate and generous friends, sponsors and individuals, these deliver and offer better standards living to the children in our community

## **COFFEE PROJECT**

This has greatly helped on clearing the children's tuition at school basically this project helped in sponsoring the childrens' education. It also provides us with income which we add on that we do get from sponsors to buy home necessities. More to that it has also helped in teaching youths in our community to be self reliant and start up their own jobs.

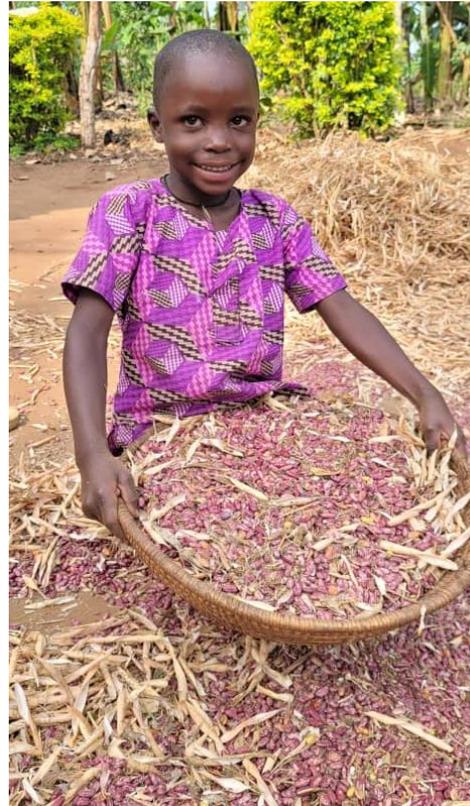

## **FARMING**

This is done mostly when we rent land from some of our well-wishers in the community.

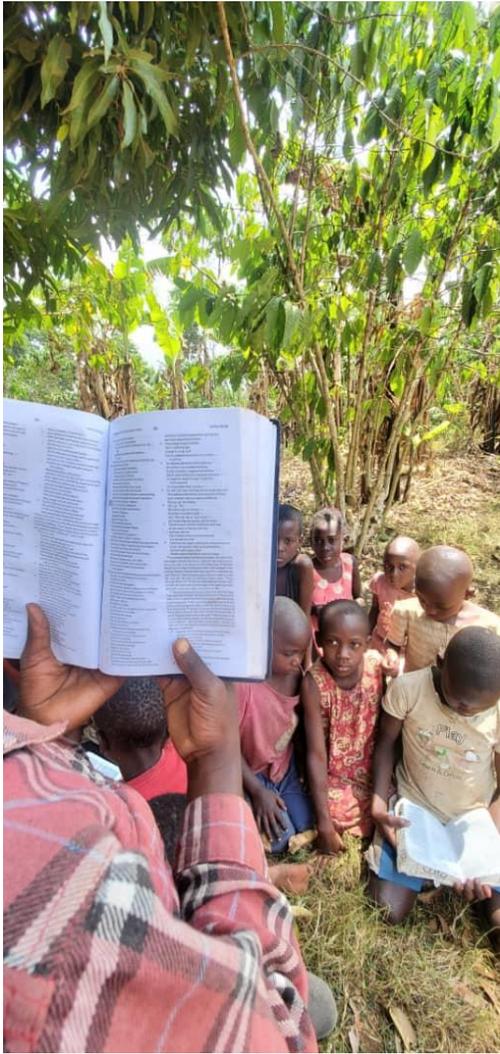

On this land we plant on maize and beans that in due time we feed the children at the orphanage. Beans and maize are one of the energy giving food which grow fast that is why we ensure growing them each season

## **EDUCATION**

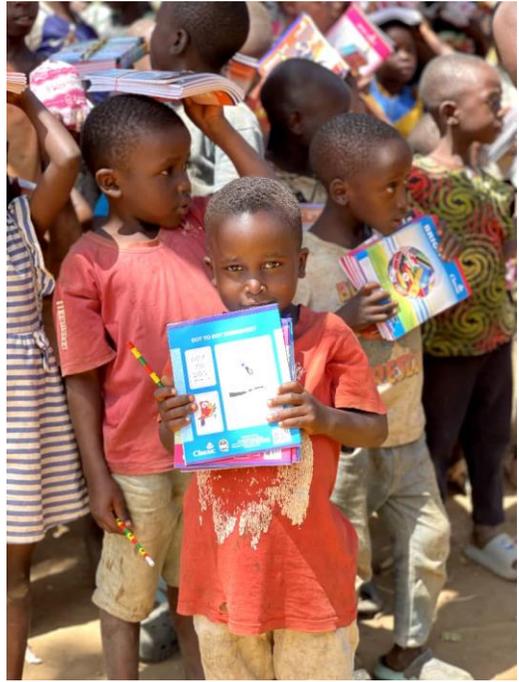

We always ensure that children are catered for through the HEART, HAND and HEAD

HEART; Fearing God and doing charity work

HAND; Learn by doing different activities like house work, farming and craft works

HEAD; Providing formal education from kindergarten to primary level.

## **ENROLLMENT**

At Raise Light Children Foundation we have a total number of 30 vulnerable, orphans and needy children consisting of boys and girls 14 and 16 respectively

## **LEADERSHIP AND MANAGEMENT**

- |                |                        |
|----------------|------------------------|
| 1. Director    | Buyondo Deus           |
| 2. Director II | .....                  |
| 3. Secretary   | Ssempungu Nala         |
| 4. Treasurer   | Lwanga Kevin Augustine |
| 5. Spiritual   | Henry Kabonge          |
| 6. Welfare     | Nakayenga Sarah        |
| 7. Over seer   | .....                  |

## **CHILDREN LEADERSHIP**

- |                       |                  |
|-----------------------|------------------|
| 1. Nakibuuka Florence | Education        |
| 2. Nakyeyune Matrina  | Spiritual Leader |
| 3. Naluwooza Denish   | Sanitary         |
| 4. Kisekulo Junia     | Welfare          |
| 5. Lukwata Mathias    | Time Keeper      |

## **ACHIEVEMENTS**

- We have managed to spread the good news of our LORD JESUS CHRIST, to the children and the community at large.
- The elderly have been catered for according to our capacity.
- We have managed to educate children formal and nonformal education
- The biggest achievement that we always thank God for every day is that we got a family from Germany that is rendering a helping hand in most of the activities that are running within Raise Light Children Foundation. Mama and Papa, we really Glorify the Lord for the good work you are doing.

- We have managed to buy land on which we are constructing the housing facility for accommodating all the children.
- We have setup a Coffee Project that has mainly helped several ways and educating children.
- Educating, Providing scholastic materials to children at our orphanage and those in the community at large each academic year.

## **DONATIONS:**

So far, we have raised 11,215 Euros from our goFund me link that our beloved family in Germany created for us, we look forward to get more so that we can make change in several lives of children in our community.

## **How has your community benefited?**

Upon the eve of each academic year, we provide school going children in the community with scholastic material, that is, books, pens, pencils, among others.

We also provide job opportunities to people in the community, i.e. the person who cares after the children in the orphanage Ms Nakayenga Sarah.

We also provide food and other basic needs to people with special needs like the poor, the elderly and those with disorders.

## **CURRENT PROJECT AND PROGRESS**

We are now constructing a permanent home (Orphanage) for all children at the shelter. We are so great full for the support from our donors in German who have contributed much since we started. We hope to accomplish this work with the continued support may the Lord bless you all for transforming our lives

In a special way we thank Mama Elizabeth and Papa Armin, The two have a story to mention. AMEN

## **FUTURE PLANS.**

- Building a technical school which will teach hands on skills like tailoring, Building, hair dressing and cosmetology Carpentry and many others according to our capacity, this will help the children to be self-reliant in the future to create their own jobs other than being job seekers
- We have realized that many pupils after primary and ordinary level remain half baked with almost no academic qualification and professional thus failure to get jobs and remain unemployed.
- As our future plan Raise Light Children Foundation, we think this initiative will help most of the children in our community and the rest of the country at large that might have not studied professional skills and graduate after advanced level (Universities and Tertiary Institutions)
- According to the education system of our Country Uganda many of learners that complete primary, ordinary and advanced level with out any professional skill end up into casual labour, thus job seekers other than job creators putting standards of living at stake.
- Technical education and hands on skilling, we believe that shall contribute much to the development of the country and provide self employment to the youth that contribute a big percentage to the population of our country Uganda

## **WAY FORWARD TO ACHIEVE FUTURE PLAN.**

In order to achieve this new initiative of a building a technical institution, Raise light Children foundation we hope to;

1. To make fund raising campaigns.
2. Seek for donors and sponsors.
3. Have partnership with charity organization, Churches and ministries
4. More effort in coffee nursery project and liquid soap making
